

SHIBA II

Did you know that you can participate
in our liquidity pool and get rewarded through Trading Fees
Since we are a community project
we need your help to keep the project liquid

As a liquidity Provider you have a similar function as a Market Maker, you get profit through trading fees by providing trading liquidity for the community

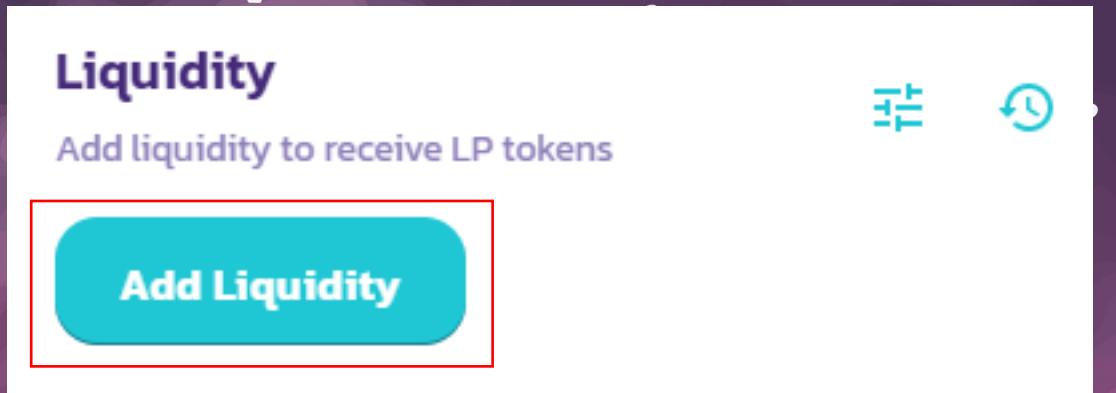

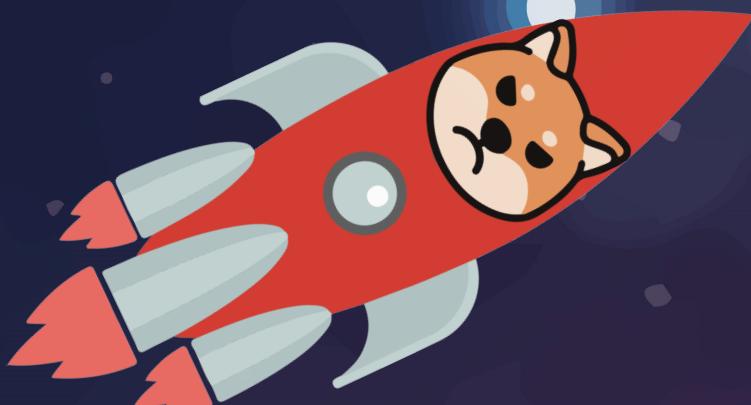

Go to <https://pancakeswap.finance/>
click on trade and choose Liquidity

Now simply click on Liquidity

For the last step you have to paste
the SHIBA II contract address in the lower field
and choose the amount of bnb you
want contribute as Liquidity

Now you have successfully provided liquidity for the community.
You can remove your liquidity at all times
